Employment History

VBSI

[2020 - 2023]

- **Conducted regular sanitation inspections of public and private establishments:** Inspected households, food establishments, markets, and other facilities within the barangay to ensure compliance with sanitation standards set by the **Code on Sanitation of the Philippines (PD 856)**, including cleanliness, waste management, and vermin control.
- **Prepared and compiled detailed inspection reports:** Documented findings from sanitation inspections, including violations and compliance status, and submitted reports to barangay officials or the municipal health office to support enforcement actions and community health initiatives.
- **Collaborated with barangay officials and health committees:** Worked closely with the barangay captain, health committee, and municipal health officers to coordinate sanitation programs, address non-compliance issues, and implement corrective measures.
- **Promoted community awareness on sanitation practices:** Organized and participated in community outreach activities, such as clean-up drives and educational campaigns, to raise awareness about proper waste disposal, hygiene, and environmental health.
- **Monitored and reported environmental health risks:** Identified and reported potential health hazards, such as improper waste segregation or water contamination, to prevent public health risks within the barangay.
- **Supported implementation of barangay sanitation policies:** Assisted in enforcing local sanitation ordinances and policies, ensuring alignment with national guidelines under PD 856 and barangay resolutions.
- **Coordinated with municipal health authorities:** Acted as a liaison between the barangay and the municipal health office to facilitate inspections, training, and compliance with regional health standards.
